As a computer science student, I excel in problem-solving and mathematics while enjoying working collaboratively in a team. I have a knack for tackling challenges with a practical mindset and am always eager to learn new things. I'm enthusiastic about contributing my skills to innovative projects and staying up-to-date with the latest in the world of computer science.

EXPERIENCE

DATA ANALYST

Carmond Infinity | Kakanad, Ernakulam

JULY 2023 – DECEMBER 2023

Conducted data cleaning and preprocessing, resulting in a 20% improvement in data accuracy. Developed and implemented statistical models to analyze customer behavior, leading to actionable insights for marketing strategies. Created interactive dashboards in Tableau to visualize key performance indicators for the executive team.

DYNAMIC INSURANCE SYSTEM

Toc H Institute of Science and Technology | Ernakulam

MAY 2023

In my college major project, I have developed a dynamic insurance system aimed at addressing and mitigating insurance fraud. The system employs innovative solutions to prevent instances where claims are denied or individuals face legal hassles to obtain rightful insurance payouts. I integrated dynamic elements into the insurance claims process, utilizing technology such as On-Board Diagnostics (OBD) to scrutinize driving patterns and other vehicle-specific factors.

EDUCATION

BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE (BTECH CS)

Toc H Institute of Science and Technology

MAY 2019 - JUNE 2023

Successfully completed a Bachelor of Technology (B.Tech) degree with a first-class distinction.

SKILLS

- Data Structures
 - C++/C
 - Problem Solving
 - Excel
 - Mathematical Modeling
 - Statistics
 - Database Management
 - SQL
-
