OBJECTIVE

Seeking a job where I can challenge my potential, put my skills to good use, and grow my career exponentially. Hard-working, goal-oriented, and a team player seeking an opportunity to incorporate my skills and put them to use.

Education

B.Tech in Electronics and communication engineering(Aggregate : CGPA 8.9/10) <i>Pranveer Singh Institute of Technology</i>	2020/12 – 2024/06 Kanpur, India
Higher Secondary Education (Aggregate : 78%) <i>Bright Angels Intermediate College</i>	2018/04 – 2019/04 Kanpur, India
Secondary Education (Aggregate : 85%) <i>Bright Angels Intermediate College</i>	2016/04 – 2017/04 Kanpur, India

IT Skills

- **Languages:** Python, DBMS, Data Structure and Algorithm, C programming, SQL, HTML, CSS, Java.
- **Platforms:** Microsoft, Android, Ms word, Ms Excel, and Ms Powerpoint.
- **Applications:** Visual Studio Code, Sublime Text.
- **Competency:** Team Management, Time Management, Leadership, Presentation Skills, Teamwork, Communication Skills

Projects

IOT Based home Automation System • Connectivity: Links devices and sensors for remote control via the internet. • Smart Control: Automates tasks and adjusts settings based on user preferences. • Efficiency: Optimizes energy usage and enhances convenience for users.	2021/02 – 2021/03
Suraksha-Password Protected Door Lock System • Innovative Solution: Developed a secure door lock system with Arduino, showcasing expertise in hardware integration. • Enhanced Security: Implemented user-friendly keyboard protection for heightened security. • Proven Proficiency: Demonstrated skill in crafting reliable solutions through seamless integration..	2022/10 – 2023/01
RFID Shopping trolley with google sheet and App • RFID Integration: Incorporates RFID technology into shopping trolleys for item tracking. • Google Sheet Sync: Automatically updates a Google Sheet with real-time shopping data. • Mobile App Interface: Provides a user-friendly app for managing shopping lists and budgets.	2023/10 – present

EXPERIENCE

Infotrix [🔗](#)

Front -end intern || Remote || sep'23 - Oct'23

- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices
- Advised internal users on web service capabilities, principles, and protocols.
- Coded using HTML, CSS, and JavaScript to develop features for both mobile and desktop platforms.

Certificates

- The Ultimate HTML Developer 2020 Edition from Springboard [🔗](#)
- Python Programming – A Practical Approach By EICT -IITK [🔗](#)
- Data Structure and algorithm using Python -part1 from Springboard [🔗](#)
- The Arduino Platform and C Programming from Coursera [🔗](#)
- Artificial Intelligence Virtual Experience Program [🔗](#)

ACHIEVEMENTS AND CODING PROFILES

- 150+ Problems solved in online Platform
- 5 Star on Hackerrank Platform
- Achieved multiple Badges from various platforms

Subject of Interest

- Computer Networks
- Control System
