## 📁 Professional Experience

**Software Developer**, *Precision Hub IT Industries pvt. ltd.*

10/2023 – 03/2024  
Kolkata, India

- Developed RESTful APIs using Node.js and Express.js to facilitate communication between front-end applications and back-end services.
- Collaborated with product managers and UX/UI designers to translate business requirements into technical specifications and user-friendly interfaces.
- made e-commerce frontend using **React**, **Redux toolkit** and **Rest API**.
- made e-commerce backend using **Node.js**, **MongoDB**, **Express** and **payment method**.
- made Food restaurant application using **React**, **Redux toolkit** and **Tailwind CSS**.
- food restaurant backend application using Node.js, MongoDB, Express and payment method.

**React Developer, PCS Global pvt. ltd.**

01/2023 – 12/2023

- As a React Developer I made some in house project like **Exam Management System for Students with Admin section.**
- Also made some projects like e-commerce website named **Electronic Shop** made with **React, Redux toolkit** and **Tailwind CSS** according to the design of the UI/UX designers.
- Made a **Blog Application** using **React, Redux toolkit** and **Tailwind CSS**. For backend here I used **Appwrite**, which is a Firebase like website where I can use my backend section along with my Frontend application.
- Made a **Book Management Application** using **React, Redux toolkit** and **Bootstrap library** of CSS.

Kolkata, India
