EDUCATION

Engineering

Maharaja Institute Of Technology,
Thandavapura(VTU)

10/2020 - Present

Mysore

Bachelor's of Engineering

- Computer Science & Engineering.
- 8.8 CGPA (5 Semesters)

PERSONAL PROJECTS

Personal Potfolio (10/2022 - 11/2022)

It is an static website developed using HTML5 and CSS Technologies

Resume Builder (11/2022 - 11/2023)

The Resume Builder project is a web application created with HTML, CSS, and JavaScript. It allows users to easily create professional resumes and able to dowload PDF of generated resume.

Content Management System (01/2023 - 02/2023)

It enables users to efficiently manage and publish content on websites, providing features like user authentication, content creation, editing, and organization in a user-friendly interface.

Hackathon Registration Management (02/2023 - 03/2023)

It facilitates the registration process for hackathons by providing a user-friendly interface, allowing participants to sign up, submit required information, and manage their registration details efficiently.

AI Chatbot (03/2023 - 04/2023)

It utilizes AI APIs to provide a chatbot-like conversational experience, allowing users to interact with an AI model along with Text translation and Image generation similar to ChatGPT, and delivering responses based on natural language processing and machine learning algorithms.

Chatting Application (03/2023 - 04/2023)

It utilizes Django REST APIs to create chat rooms where users can communicate in real-time, exchanging messages, files, and other media, while providing a user-friendly interface for a seamless chatting experience..

SKILLS

HTML5 CSS3 JavaScript
Django4 Python3 Bootstrap5
PostgreSQL Git Basic Java
